

YOUNG CARERS

You will know us as Young Carers, Youthful and magical

Out of our minds in a world of fun, One in a town or one in a crowd, we are still young carers wherever we are

Underneath our skin is a courageous heart, it may not be seen though, it is always somewhere

Never underestimate us even though we are kids

Going around sharing our stories, bad ones and good ones, hard ones and cool ones

Carrying a legacy day by day

Acting like you are fine but you do so much work

Racing to help the person we care for

Early or late, fast or slow; we are young carers wherever we are

Ready steady to go

Still here, never forget that.
